T. C. Hall our present Sheriff and the Republicae nominee for re-election is a good officer, and his party has acted wisely in nominating him for the place if they want to make the best possible showing at the poles in November. The Times however believes that it is an empty honor for this sole reason: Powell county is a Democratic county, and the county has never gone any toher way except when the Democrats put up objectional candidates. A. P. Johnson the Democratic nominee for Sheriff is a man worthy of confidence, and is possessed of real merit and worth. He is liked by every Democrat in the county and by many Republicans who will vote for him. He is the right man in the right place and at the right time. He has been tried and always did his uy We have never heard of a Democrat that will not support him. Then why will he not win? There are more Democrats in Powell county than

Has it not been done in every State campaign in recent years by his own party as well as the Democratic party? Has not his party brought into the State Roosevelt, Fairbanks, Cabinet officers, Senators and other Republicans of national prominenc to help it in every State campaign except this one? And why not now?

"Simply because the Judge, smart and adroit as he is, knows that if he brought here any of the standpat leaders, like Taft, Cannon, Aldrich or Payne, it would hurt his ticket, and the progressive Republican leaders, like La Follette or Cummins, who might help it, would not think of coming here to speak for a ticket that indorsed the administration of Taft and the course of Senator Bradley.

When O'Rear was nominated by the Republicans for Governor he was one of the strongest men in the State against whiskey. He seems to be undergoing quite a change of late.
